1.9.3. Approve or Reject Application Access.....	1-61
1.10. Audit Trail .....	1-61
1.10.1. Generate Audit Trail Report.....	1-61

## 1. Introduction

This Training manual(TM) provide information about how to perform specific job tasks. They are useful as they include detailed information about procedures that need to be followed as well as instructions regarding what needs to be done and how.

A well designed TM shall have the following features:

- Easy to read and easy to follow instructions;
- Has an attractive design;
- Use illustrations to enhance understanding;

The TM Content – tasks, topics, procedures and other information arranged in a logical sequence and broken down into small units.

### 1.1. Training Objective

When you have completed this training, you will be able to:

- Record new entry of Pest / Specimen
- Record new Diagnosis information
- Record Map and Location of Pest / Specimen

## 1.2. Pest Module

### 1.2.1. Pest Information query and viewing

1. Extend the Pest, click Pest Information.

Figure : 1

2. Search Pest information record

Pest Information				
<a href="#">Home</a> / Pest Information				
<a href="#">+ New</a>				
para-paral	1			2
Reference No.	Common Name	Scientific Name	Organism Type	Published

4. For Related Pest, click Link Pest.

The screenshot shows a web-based application interface for managing specimen information. At the top, there's a header with the Sains logo and the system name 'WIMICS System Version 1.0'. Below the header, a main title 'Specimen Information' is displayed, followed by a breadcrumb navigation path: Home / Specimen Information / 2005000000614 Maize. There are three tabs at the top: 'General Information' (disabled), 'Photo Upload' (disabled), and 'Related Pest' (highlighted with a green border). A large blue banner in the center contains the specimen ID 'ARC-I-0000044'. Below the banner, detailed specimen information is listed: Common Name: Corn borer, Scientific Name: Ostrinia furnacalis, Organism Type: 460, and Published: Y. At the bottom of the page are two buttons: 'More' (blue) and 'Unlink Pest' (red).

Figure : 30

5. Search Pest>Click Result to Link

#### 1.3.4. Delete Existing Specimen Information Record

1. Search Specimen information record. Click on result shown tabular format.

The screenshot shows a search results page for specimen information. At the top, there's a header with the Sains logo and the system name 'WIMICS System Version 1.0'. Below the header, a main title 'Specimen Information' is displayed, followed by a breadcrumb navigation path: Home / Specimen Information. A search bar contains the text 'Maize'. On the right side, there's a blue button labeled '+ New'. The main content area displays a table of specimen records. The columns are: Bar Code ID, Host, Specimen Identity, District, Collection Date, Storage Location, and Storage Condition. Three rows of data are shown:

Bar Code ID	Host	Specimen Identity	District	Collection Date	Storage Location	Storage Condition
2005000000614	Maize	Ostrinia furnacalis (Guenée)	Mukah	14/06/2013	Ento Mini Muzuem (Lepidoptera)	-

Below this, there are three tabs: 'General Information' (highlighted with a green border), 'Other Information', and 'Diagnosis Result'. The 'GENERAL INFORMATION' section contains fields for 'Plant Sample' (Fruit tree), 'Plant Variety' (12312, 5 / 50), and 'Plant Parts Received' (Flower). The 'FARMER'S INFORMATION' section includes fields for 'Name', 'Contact No.', and 'Email', along with a checkbox for 'Same as sender'. At the bottom, there are buttons for 'Back to Listing', 'Delete All' (highlighted in red), and 'Update Diagnosis'.

Figure : 103

3. New entry screen will be displayed. Enter Code and Description.

Branch		
<a href="#">Home</a> / System Settings / Branch		<a href="#">+ New</a>
Code *	<input type="text"/>	
Description *	<input type="text"/>	
<a href="#">Back to Listing</a> <a href="#">Save</a>		

Figure : 104

4. Click Save.

### 1.8.2. Update Existing Setting for Branch Setting, Division Setting, Pest Status Setting, Plant Part Setting, Soil Type Setting

1. Click on records in tabular format

A screenshot of a web-based application interface titled "Branch". At the top right are buttons for "+ New" and "Delete". Below the title is a search bar and a breadcrumb navigation path: Home / System Settings / Branch. The main area displays a table with two columns: "Code" and "Description". The first row, which contains the code "S013" and the description "JP Bahagian-Penyelidikan", is highlighted with a red rectangular box. To the right of each row are three empty square checkboxes. The table has horizontal and vertical grid lines.

Code	Description			
S013	JP Bahagian-Penyelidikan	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
S005	JP Bahagian/Daerah Betong	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
S010	JP Bahagian/Daerah Bintulu	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Figure : 105

2. Change the Code or Description.

A screenshot of a web-based application interface titled "Branch". At the top right is a button for "+ New". Below the title is a breadcrumb navigation path: Home / System Settings / Branch. The main area shows a form with two fields: "Code" containing "S013" and "Description" containing "JP Bahagian-Penyelidikan". At the bottom are "Back to Listing" and "Save" buttons. The entire form is enclosed in a light gray box.

Figure : 106

3. Click Save

### 1.8.3. Remove Existing Setting for Branch Setting, Division Setting, Pest Status Setting, Plant Part Setting, Soil Type Setting

1. Click on checkbox to select setting to be removed. Then, click Delete

A screenshot of a web-based application interface titled "Branch". At the top right are buttons for "+ New" and "Delete", with the "Delete" button highlighted by a red rectangular box and a circled number "2". Below the title is a search bar and a breadcrumb navigation path: Home / System Settings / Branch. The main area displays a table with two columns: "Code" and "Description". The first row, which contains the code "S013" and the description "JP Bahagian-Penyelidikan", is highlighted with a red rectangular box and a circled number "1". To the right of each row are three checkboxes; the one in the first row is checked and highlighted with a green checkmark. The table has horizontal and vertical grid lines.

Code	Description			
S013	JP Bahagian-Penyelidikan	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
S005	JP Bahagian/Daerah Betong	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Agency	Jabatan Pertanian
Branch	JP Bahagian/Daerah Limbang

**STATUS AND PRIVILEGE**

User Role	DOA User
Status	Active

Figure : 116

- Click checkbox on Access To Map Module and Print And Export Map. Then, click Update Account.

**MAPPING CAPABILITIES**

<input checked="" type="checkbox"/> Access To Map Module
<input checked="" type="checkbox"/> Print And Export Map

[Back to Listing](#) [Delete Account](#) [Update Account](#)

Figure : 117

### 1.9.2. Remove User Account

- Click on records in tabular format.

**User Management**

[Home](#) / User Management / User Management

Name	Agency	Email	User ID	User Role	Status
aaaaa	Jabatan Pertanian	radzuana@sarawak.gov.my	radzuana	User	Suspended
Abdul Hamid B Dollah	Jabatan Pertanian	hamidd@sarawak.gov.my	hamidd	DOA User	Active
abdul rahim hj. bujang	Jabatan Hutan	abdurb10@sarawak.gov.my	abdurb10	DOA User	Active
Abdul Rahman Bin Mit	Jabatan Tanah dan Survei	abdulrm4@sarawak.gov.my	abdulrm4	DOA User	Active
abdul rahman bin osen	Jabatan Tanah dan Survei	abdulro@sarawak.gov.my	abdulro	DOA User	Active
Abdul Rani bin Mat	Jabatan Pertanian	ranim@sarawak.gov.my	ranim	DOA User	Active

Figure : 118

## 2. Click Delete Account.

The screenshot shows a user management form. At the top, there's a section for 'MyKad' with fields for Name (Abdul Hamid B Dollah), Email (hamidd@sarawak.gov.my), Agency (Jabatan Pertanian), and Branch (JP Bahagian/Doerah Limbang). Below this is a 'STATUS AND PRIVILEGE' section with 'User Role' set to 'DOA User' and 'Status' set to 'Active'. Under 'MAPPING CAPABILITIES', there are two checkboxes: 'Access To Map Module' and 'Print And Export Map', neither of which is checked. At the bottom, there are three buttons: 'Back to Listing' (grey), 'Delete Account' (red border, highlighted with a red box), and 'Update Account' (blue).

Figure : 119

**1.9.3. Approve or Reject Application Access**

## 1. Click checkbox on application to be approved.

The screenshot shows an 'Application Access' page. The header includes 'Home / User Management / Application Access'. The main area has columns for 'Agency', 'Name', and 'Email'. A message 'No Record Found' is displayed below the table.

Figure : 120

## 2. Click Approve or Reject.

**1.10. Audit Trail****1.10.1. Generate Audit Trail Report**

1. Click Audit Trail and the screen will be displayed.
2. Choose Operation, Select Event from Dropdown box.
3. Keyin Perform By, Key Item, and select Transaction Date range. Then, click Generate Report.
